October 28, 2022

Dear Residents,

We are very happy to inform you that the Bergen County Division of Community Development has awarded Northvale a grant, in the amount of \$66,125, for automated, ADA compliant doors at the Senior Center. Both the front door and the door on the Glanz Avenue side of the building will be replaced. This grant utilizes Federal funds and will completely cover the project's costs.

This grant award is yet further evidence that the professional grant writing initiative that we implemented in 2007 has been and continues to be a major benefit for Northvale tax payers.

Best Regards,

Pat Marana

Louis DeLisio, Council Liaison for Grants
